Going anywhere and everywhere, the team led youth retreats presented in elementary and secondary schools, spoke at a mothers' prayer group, ministered to a community of East Indian families, visited a

French-speaking African parish, shared about the MI on the radio, and paid a visit to the Most Reverend Archbishop Thomas Collins of Toronto.

Minds opened, hearts burned

with renewed love, and jaws dropped as they learned about Our Lady and the life of Saint Maximilian. Toronto, and much of Canada, retains the feel of a mission field, still unaware of the MI. But, as one team mem-

ber put it, Canada is much like a beautiful mansion, because it has the seeds and structure of the Church established; it is simply waiting for all of the lights of faith, hope and love to be turned on brightly inside.

A Part of a Worldwide MI Family!

As we celebrate the 90th year of the MI's existence and evangelization around the world, Canadians continue to grow in their Marian consecration and with St. Maximilian Kolbe's missionary spirit of spreading total consecration. In the early developmental years of the Militia of the Immaculata

Movement, Saint Maximilian expressed a desire to see the MI spread around the world. He listed several countries where he would like to see the MI grow and flourish, Canada being mentioned among them!

How great it is that our Saint envisioned this for us! As the

"Civilization of Love" is being built up here in Canada, you too have a role to play. If you would like more information on the MI, how to grow in your own Marian consecration, or to start a village in your home or parish, please contact the MI Canada Office.
